This software is a Service Pack for BreezeSuite™ cardiorespiratory diagnostic software version 8.3 and is intended to be installed on any computer that has BreezeSuite 8.3 already installed.

Minimum System Requirements
➢ BreezeSuite cardiorespiratory diagnostic software version 8.3

Warnings: ➢ Installing Service Pack 3 over BreezeSuite software version 8.3 will over-write the translation files.
➢ If a software repair is performed and BreezeSuite 8.3 is reinstalled, Service Pack 3 must be immediately reinstalled.

NOTE: For multiuser installations, Service Pack 3 is applied only to workstations. Service Pack 3 is not applied to the BreezeSuite Multiuser™ Server installation.

INSTALLATION

1. Close all applications.
2. When downloaded from the MGC Diagnostics website, extract/unzip the BreezeSuite84SP5.zip file.
3. Right click on the BreezeSuite83SP3.exe file from the extracted files downloaded from the MGC Diagnostics website and select "Run as Administrator".
4. Follow the on-screen prompts to install the appropriate files to your hard drive.

LANGUAGE TRANSLATIONS

Service Pack 3 (147926-502) is released in English only.
The translation files for this Service Pack will be released as separate files.
